With over 20 years of experience in the power distribution equipment industry, we specialize in producing high- and low-voltage switchgear, distribution boxes, substations, and other related products.

The space-saving PDU is easy to move and adapt to the future demands of the data center. The PDU offers superior power protection and monitoring, and the flexibility and scalability to match your actual ...

Robust 100kW, 690V AC-DC Rectifier Cabinet by Zekalabs. The unit boasts an efficiency of approximately 98.5%

PRISMA E distribution box is a low-voltage switchgear produced ...

PRISMA E distribution box is a low-voltage switchgear produced by Shanghai People Electric Industrial Co., Ltd. authorized by Schneider. PRISMA E is suitable for low-voltage distribution systems of 630A ...

In this white paper, I will compare the different options and their advantages and disadvantages. One major issue to consider when designing a power supply for server and switch applications is heat.

Rakworx's All-In-One cabinet is meticulously designed for peak efficiency and functionality. It includes premium features like environmental sensors, electrical systems, natural cooling, security measures, ...

Explore high-performance server racks, data center cabinets, and power distribution solutions from CPI. Optimize space, cooling and uptime today.

Pre-engineered outdoor cabinets, power modules and thermal management for telecom sites, data centers, and FTTH deployments. Built for fast integration, harsh environments, and scalable delivery.

Plug-and-play power connectors for busbars, remote power panels (RPP), and power distribution cabinets

# 690V Communication Power Supply Cabinet for Data Center

(PDC) unlock considerable savings when compared to the typical IEC 6039 connector. The ...

Explore the advantages of the 631DB1 Definity Power Supply (Multi-Carrier Cabinet) (631DB1) for enhanced performance in your communication systems.
