Get an industry-leading, 25-year production guarantee* when you go solar with Vivint. Generate your own clean energy instead of relying on traditional power companies. Power your home with solar ...

Vivint Solar was an American provider of photovoltaic solar energy generation systems, primarily for residential customers. The company was established in 2011 as an offshoot of home automation and security company Vivint and was headquartered in Lehi, Utah. The company primarily used a power purchase agreement (PPA) business model where Vivint Solar installed and maintained a solar system on a customer's h...

Solar energy is renewable, meaning that we'll have energy as long as the sun is alive. And according to NASA, the sun will be around for another 6.5 billion years. Solar energy is incredibly abundant. Your ...

The steps in the process of going solar with Vivint are similar to what you would expect with any other provider, but there are a few areas where Vivint's process and timelines vary.
