Shipping containers really light up with our LightBlaster tubular skylight designed for Conex containers. When the sun's out, our LightBlaster for Conex will light up the inside of your shipping container.

Upgrade your shipping container with durable LED lighting kits. Bright, energy-efficient interior lighting for storage, workshops, offices, and jobsite containers.

This low profile tubular skylight will bring a great source of light into your dark shipping container. Save electricity and let the sun shine and illuminate your shipping container during the daylight hours.

Order now and work with our custom design team to tailor the light kit to your shipping container. We offer suggestions and examples from past projects, making the process simple and quick.

Shipping Container Solar Lighting Kits provide lighting in shipping containers and storage areas with 2 days of battery technology for cloudy, rainy, or snowy days with 8 hours per day of run time.

## Connex lighting kit

Brighten the inside of your container with natural light using our Solar LightBlaster specifically designed for Conex brand containers. It is a solar tube skylight at a very affordable price.
