Our factory-packaged containerized generator sets are designed to address these challenges comprehensively. They offer a reduced footprint, improved ease of transportation and significantly ...

ELCOS offers the possibility of installing power generators inside CONTAINERS Iso Range 20/20HC" - 30/30HC" - 40/40 HC" according to the customer's requirements. All the CONTAINERS can be ...

MITTRONIK Engineering is specialised in customized solutions. The container generators are fully operational supplied, including air-intake, exhaust system and silenced muffler, tank, control panel ...

Our GEN-C generators are powered by world renowned engines ranging from Perkins to Cummins, ensuring top-class operation as well as maximise fuel efficiency at all times

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up to 34% ...

Imagine a flame erupting inside a 40-foot power generation container packed with sensitive equipment. Traditional water-based systems would cause catastrophic damage. This is where gas fire ...

Our line of containerized generators is easily configurable to the needs of any application, from rental to disaster relief to mining -- with a whole host of value-added standard features, options and ...

Originally launched for limited markets in 2021, the 40-ft ...

We design and build container generator units, shipping container power units, and modular generator housing that meet the highest standards of safety and performance.

Our containerised solutions are designed to provide optimal performance across various site conditions, ensuring excellent reliability for all your power generation needs.

Container fire generator power

We offers containerized generator sets with CHP and Emission control system. With our genset containers offer optimal performance in various site conditions.
