---

We have been specializing in ICESS (Industrial and Commercial Energy Storage System) solutions for over 9 years. We currently have 87 employees, including 24 engineers.

These fully integrated, outdoor-rated systems are perfect for applications such as residential backup power, small commercial operations, remote or rural installations, and renewable energy storage.

Maximize energy efficiency with our innovative 600kw container designed for secure and scalable storage solutions. Enhance sustainability and reduce costs today!

We have developed a 600kWh 1MW Battery Energy Storage System (BESS) that is designed to be cost-effective and easy to install for on-grid, off-grid, or hybrid commercial/industrial energy storage applications.

The solar battery storage container can be customized and ...

TLS Energy designs and fabricates high-quality Battery Energy Storage System (BESS) containers, offering reliable, customizable, and safe energy storage solutions for global clients. Discover our ...

The solar battery storage container can be customized and designed to meet the various applications on your side, such as voltage, capacities, temperature control, fire control system, appearance, size, color, logo, ...

To solve the problem of power shortage, African governments have proposed support for the development of rural electrification off-grid solution projects, utilizing clean energy such as wind and solar energy combined with ...

le Battery Energy Storage System (BESS) meets your business needs from MWh to GWh. Built with modular, Tier 1 components--battery systems, power conversion systems (PCS), MV transformers, and ...
