HiTHIUM unveils the revolutionary ?Cell 587Ah battery and ?Power 6.25MWh system, setting a new benchmark in large-scale energy storage with unmatched efficiency and safety.

Why should you choose a battery cabinet?Our battery cabinets are sophisticated and offer modular solutions that can withstand even temperatures and earthquakes when it matters.

Liquid-cooled energy storage system based on HiTHIUM prismatic LFP ESS Cells 587 Ah with high cyclic lifetime. Improved safety characteristics and specially optimised for the highest requirements ...

6.25 MWh energy capacity using LFP 3.2V/587Ah cells, built for stable and long-term power support in industrial and commercial environments. Integrated liquid cooling system ensures consistent thermal ...

HJ-G0-6250L 6.25MWh Energy Storage Container System, with the advantages of large capacity, high security and long service life, is suitable for a variety of application scenarios, providing a reliable ...

Next-generation battery management systems maintain optimal performance with 50% less energy loss, extending battery lifespan to 20+ years. Standardized plug-and-play designs have reduced ...

HiTHIUM's first 6.25MWh Energy Storage Solution is tailored for the North American market and the 4-hour long-duration energy storage application scenarios.

Axil lockable steel cabinets and boxes provide a dedicated and controlled environment for the housing and charging of batteries and other devices. Keep your batteries running smoothly and safely with ...
