LONGi has chosen to develop back-contact (BC) cells, again based on n-type technology, announcing plans to invest RMB3.92 billion (US\$536 million) on production.

Back Contact (BC) Solar Technology Development White Paper At the key node of intergenerational transition of global Photovoltaic (PV) technology, the back contact (BC) cell technology is leading the ...

Equipped with LONGi's latest BC solar cells and flexible encapsulation technology, the vehicle will compete in the Bridgestone World Solar Challenge (BWSC).

Longi's founder and president, Li Zhenguo and Chief Scientist Xu Xixiang unveiling the new BC world record. Longi presented its BC-based Module Hi-Mo 9 yesterday evening in Madrid, ...

LONGi's Back-Contact (BC) technology is setting new benchmarks in solar efficiency, with recent advancements pushing cell efficiency to a record 27.81% and module efficiency for its Hi-MO ...

Recently, LONGi has achieved significant progress in the global photovoltaic market. On one hand, the company signed a framework agreement to supply high-efficiency BC modules to ...

Why is solar panel efficiency important? We explain the misconceptions around efficiency and list the most efficient panels from the leading manufacturers using the latest PV cell technology.

Chinese module manufacturer LONGI has launched a new back-contact (BC) lightweight module for commercial and industrial (C& I) rooftop applications. The Hi-MO X10 Guardian Light ...

Comparing Longi and Thornova solar panels for your BC home or business? Learn about their technology, efficiency, warranties, and more -- without the sales pitch.

Longi Himo X10 N-Type BC Mono Photovoltaic Panel 640W-665W Tier 1 High Power High Efficiency

Longi photovoltaic panel bc

Solar Module No reviews yet certified Watt Solar Co.,Ltd. Custom Manufacturer
