The symposium provided an excellent platform for researchers, scholars, and professionals from related fields to exchange ideas, share innovative theories and practices in ...

In this Special Report, Yang Dechang summarizes current research on and deployment of microgrids in China, including an overview of the history of microgrids in China, two examples of ...

Artificial Intelligence and Optimization for Shipboard Microgrids (Mojtaba Mehrzadi, 2021) Power Quality Enhancement of Shipboard Microgrids (Yacine Terriche, 2020)

In this Special Report, Yang Dechang summarizes current research on and deployment of microgrids in China, including an overview of the history of microgrids in China, two examples of microgrid projects ...

focus on rural and remote communities. Within the guide, "rural and remote communities" are loosely defined as communities far from major urban areas that typically have limited or no con.

This paper introduces the research status of the microgrid control strategy both at home and abroad, and proposes the future development direction of the microgrid control strategy.

This paper first reviews the de-velopment of intelligent microgrid system, outlines the concept and foundation of intelligent mi-crogrid, and focuses on the structural system and modeling method of ...

The lack of a detailed standard framework, for cross-sectional evaluation of the sustainability and reliability of microgrid systems, has been identified. This chapter then introduces a ...

The MCAST microgrid is the only living laboratory currently in Malta and will be a learning and research platform for the Mediterranean countries that will drive policy and skills for the current energy transition.

Finally, the important aspects of future microgrid research are outlined. This study would help researchers,

Microgrid research at home and abroad

scientists, and policymakers to get in-depth and systematic knowledge on microgrid.
