Who is SUNQ solar?

At SUNQ, we are a leading distributor of solar panels, BIPV solar modules, and aluminum mounting systems. We also offer a range of inverters, DC accessories, and other solar components to help our clients meet their energy needs.

What brands of solar products do you carry?

We carry top brands such as Jinko and JA SOLAR, ensuring that our customers have access to the best products on the market. BIPV solar modules, or Building Integrated Photovoltaics, are a revolutionary way to generate renewable energy and improve the efficiency of buildings.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

Where are solar power plants made?

Headquartered in Shanghai with 50,000m²+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.
