Huijue Group's Home Energy Storage Solution integrates advanced lithium battery technology with solar systems. Ranging from 5kWh to 20kWh, it caters to households of varying sizes.

Enter the 20 feet energy storage pack - the Swiss Army knife of modern power solutions. These container-sized systems are quietly revolutionizing everything from music festivals to ...

Harness the power of the sun with our innovative 20-foot air-cooled cabinet C& I solar storage system. Say goodbye to energy limitations.

We have sold and installed over 20,000 solar systems around the world. Including residential energy storage systems and large-scale commercial solar photovoltaic systems.

This 20ft collapsible container solution features 60kW solar capacity and 215kWh battery storage. Built with robust 480W modules, it powers extended off-grid missions, from microgrids to rural factories, ...

The cabinet save time on-site and provide the customer with a neat, safe enclosure for their solar system installation. Our solar battery cabinet systems are storing Pylontech lithium-iron phosphate ...

The 20-foot Air-cooled cabinet C& I solar power storage systems feature state-of-the-art air-cooled technology. The compact design of the cabinet allows for easy installation and space optimization.

The energy storage battery system adopts 1500V non-walk-in container design, and the box integrates energy storage battery clusters, DC convergence cabinets, AC power distribution cabinets, ...

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage ...
