Who is lithium system?

LiTHiUM System, formerly LiTHiUM Storage GmbH, headquartered in Illnau, Switzerland, has been supplying customers throughout Europe with high-quality lithium iron phosphate (LiFePO₄) batteries since 2010. As one of the first in Europe we have added NMC cells with a high energy density to our assortment.

What is a lithium battery storage & energy management system?

With our upcycled lithium battery storage & energy management system, you can leverage the power of renewables to mitigate costs and decarbonize your business. Our BMS-certified, fire-protected commercial energy storage systems help energy-intensive sectors like agriculture, logistics, recycling and manufacturing meet their ESG commitments.

Who makes lithium batteries?

LiTHiUM System works closely with partners in the immediate vicinity for the quantitative and qualitative production of prototypes. The lithium batteries from LiTHiUM System GmbH have already received several international awards, such as the 360 degree MOVE Award.

Why should you use lithium battery storage & energy management?

Safe. Circular. Powerful. Libattion produces industrial energy storage solutions that set a new standard for quality, sustainability, and safety. With our upcycled lithium battery storage & energy management system, you can leverage the power of renewables to mitigate costs and decarbonize your business.

Looking for the best lithium battery providers in Switzerland? Check out our top 5 picks for quality, reliability, and innovation in energy storage solutions.

Switzerland is home to several battery companies that specialize in producing advanced and innovative battery technologies. These companies offer a range of solutions for various applications, including ...

Libattion AG specialises in modular, high-performance battery energy storage systems for commercial, industrial and utility-scale applications. Headquartered in Switzerland, we deliver ...

At Redux Energy, we develop state-of-the-art energy storage solutions, based on the safest, most thermally

Swiss lithium energy storage power supply custom manufacturer

stable type of lithium batteries: Lithium-Ferro (Iron)-Phosphate (LiFePO₄). The core of the ...

The Swiss energy storage lithium battery industry isn't just selling products--it's crafting a blueprint for sustainable tech. From chocolate factories to robot-staffed labs, they're proving that ...

CH Tech specializes in advanced Battery Energy Storage Solutions with a focus on Residential Energy Storage Systems and C& I ESS for businesses. Our cutting-edge technology features high ...

BTRY is a start-up based in Dübendorf, Switzerland, and a spin-off of EMPA and ETH. From the lab to the market - at BTRY, we are developing the industry's first energy-dense solid-state battery made ...

Redux Energy: The safest Lithium Batteries, Designed & Made in Switzerland Redux Energy is the Swiss energy storage specialist company focused on the development, engineering, design, ...

Top Power Supply Manufacturers in Switzerland The B2B platform for the best purchasing decision. Identify and compare relevant B2B manufacturers, suppliers and retailers Supplier discovery Energy ...

Prototype consulting Break records with us LiTHiUM System, formerly LiTHiUM Storage GmbH, headquartered in Illnau, Switzerland, has been supplying customers throughout Europe with high ...
