---

EK-ESS-215A is a high-capacity air-cooled energy storage system designed for outdoor industrial and commercial applications.

HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, and rapid response.

Its modular design allows flexible capacity expansion from 100kWh to 200kWh, accommodating growing energy storage needs. This scalability, combined with robust safety features, provides a future-proof ...

From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

With a modular PCS design and front-access outdoor cabinet, it enables reliable power supply, fast deployment, and easy expansion in both on-grid and off-grid scenarios.

The HighJoule 100KWh Outdoor Cabinet Series offers a robust solution for commercial applications, featuring a 100KWh LFP or SSB battery with over 8000 cycles, ensuring long-term reliability and ...

With a power output of 100KW and an energy storage capacity of 215KWh, the system provides companies with an efficient energy management solution that helps optimize energy consumption, ...

This solution is designed to meet the development needs of renewable energy and new energy vehicles, that is, photovoltaic + energy storage + EV charging mode, using photovoltaic power generation to ...

The Outdoor Photovoltaic Energy Cabinet is an all-in-one energy storage system with high strength, which

# Ultra-large capacity smart photovoltaic energy storage outdoor cabinet for hospitals

can work under harsh environmental conditions to supply high-performance energy backup ...

The MeritSun commercial energy storage all-in-one outdoor cabinet with a capacity of 215kwh excels in safety, environmental protection, and high efficiency. It utilizes a lithium iron ...
