Product class (ETIM) Photovoltaics module (EC001746) Cell material Mono crystalline Number of cells 132 MPP power by STC 505 Wp Max. system voltage 1500 V Short-circuit current 13.97 A Power ...

This is a large single panel, so it's perfect for higher capacity electrical systems in vans, boats, and off-grid houses. The panel is pre-wired with MC4 connectors, and the sturdy aluminium frame is easily ...

It offers a maximum power output of 505W with a positive power tolerance of 0~+3%. Built with P-type monocrystalline cells and supported by MBB (multi-busbar) technology, this panel ensures superior ...

With flexible installation options and a nine-busbar design, this panel maximizes energy generation on any roof type. Ideal for residential, commercial, or industrial use, the LONGi 505W Monofacial Solar ...

The LONGi LR5-66HPH-505 is a high-efficiency 505W solar module with 132 half-cut cells. The silver frame offers durability and visual appeal for large-scale commercial and industrial installations.

To view this site, you must enable JavaScript or upgrade to a JavaScript-capable browser.

With a peak output of 505 W and an efficiency of up to 21.3 %, this mono PERC module delivers solid performance and sleek aesthetics, making it especially suitable for residential and C& I projects with ...

The Longi 505W 66 CELL Solar Panel offers excellent performance with up to 21.5% efficiency. Ideal for roof-top off-grid applications, Longi solar panels also feature lower resistive loss with lower operating ...

With the LONGi 505W Monofacial Solar Panel, users can benefit from reliable, sustainable energy production that reduces electricity costs and minimizes environmental impact. Ideal for installations ...

LONGi Solar Technology Co., Ltd. Solar Panel Series Hi-Mo 5 LR5-66HPH 480-505M. Detailed profile including pictures, certification details and manufacturer PDF
